

EVALUATION FORM

Date Location location name

The Canadian Heart Research Centre is committed to excellence in continuing education and your opinions are critical to us in this effort. To assist us in evaluating the effectiveness of this program and to make recommendations for future educational offerings, please take a few minutes to complete this evaluation form.

recommendations for future educational offerings, please take a few minutes to complete this evaluation form.								
Demographics								
Physician: 🗅 Ye	s 🗅 No 🗅 Oth	er Please specify						
Type of Practice	: ☐ Full-time ☐ Pa	rt-time Solo	☐ Group ☐ Office	☐ Hospital ☐ Oth	ner			
Type of Francisc	. Train anno		_ 010up _ 011100	2 1100pital 2 0ti				
LEARNING OB	JECTIVES: Clinical	Conundrums IV - 201	l9 Update					
After participation	ng in this activity, I am r	ow better able to:						
	alized treatment options for svith reassuring "Real World"		brillation using current Can	adian Practice Guidelines				
Strongly disagre	e Disagree	Neutr	al	Agree S	trongly agree			
1	2	3		4	5			
2. Assess and optimize bleeding risk of atrial fibrillation patients requiring long-term DOAC stroke prevention treatment.								
	Strongly disagree Disagree		al ,		trongly agree			
3023 5336 23 5036	1 2		2 2 2	4	5			
Recognize the current treatment gap in Canada and take steps at ensuring appropriate dosage selection and long-term compliance with oral anticoagulation among AF patients								
Strongly disagre	e Disagree	Neutr	al ,	Agree S	trongly agree			
1	2	3		4	5			
LEARNING OBJECTIVES: Clinical Conundrums IV - 2019 Update & FAQs After participating in this activity, I am now better able to: 1. Select personalized treatment options for stroke prevention in atrial fibrillation using current Canadian Practice Guidelines supplemente with reassuring "Real World" experience								
Strongly disagree	Strongly disagree Disagree		Agree	Strongly ag	gree			
1	2	3	4	5				
2. Assess and optimize b	Assess and optimize bleeding risk of atrial fibrillation patients requiring long-term DOAC stroke prevention treatment.							
Strongly disagree	Disagree	Neutral	Agree	Strongly ag	gree			
1	2	3	4	5				
	treatment gap in Canada an nticoagulation among AF pa		opropriate dosage selection	and long-term				
Strongly disagree	Disagree	Neutral	Agree	Strongly ag	gree			
1	2	3	4	5				

LEARNING OBJECTIVES: Case 2: Management of Atrial Fibrillation with Gastrointestinal Complications

After participating in this activity, I am now better able to:

Implement best evidence	e and guidelines in the manage	ment of patients with GI bleedin	ng and AF	
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
2. Assess when it is safe to	o resume oral anticoagulation in	patients with AF and GI bleed		
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
3. Evaluate and differential	te the evidence of individual DC	ACs on risk of GI bleeding in pa	atients with AF	
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
4. Assess the potential	role of PPIs to reduce the risl	k of a GI bleed		
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
5. Determine the clinical	settings where the addition of	of ASA to a DOAC or to warfa	arin is worth the added bleed	
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
EARNING OBJECTIV	ES: Case 10: Manageme	ent of DVT: A Practical G	uide for Primary Practi	ce
	s activity, I am now better a	able to: sis (DVT) by history, physical ea	vam and Wells Score tool	
i. Establish the pre-test pr	obability for deep vein tilloribo	sis (DVI) by filstory, priysical e.	xam and vvens score tool	
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
2. Select the appropriate d	iagnostic test(s); D-dimer, and ι	ultrasound (US) in accordance v	vith pre-test probability	
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
Describe the difference I	between proximal and full leg ul	trasound		
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
Prescribe initial treatmer dose and duration of ant	nt based on the diagnostic test ricoagulation therapies	results for above and below kne	e (DVT); and select appropria	te
Strongly disagree	Disagree	Neutral	Agree	Strongly agree
1	2	3	4	5
